ONLINE SKILL DEVELOPMENT TRAINING PROGRAMME FOR- 2020- 2021

Fees: There is no participation fee and the online training is free of cost. The link for joining each programme will be provided to all the participants in the previous day of the training.

Sl. No.	Title of the course	Duration	Qualifications
1	Textile and tanneries: Waste water treatment technologies	One week 21-25 in December, 2020	ITI/Polytechnic/Diploma pass or fail
2	Waste-water treatment technologies	Two Week 21-30 in December, 2020	Bachelor Degree in Science or Engineering sciences
3	Operation and maintenance of analytical instruments	One Week 18-22 January, 2021	Bachelor Degree in Science or Engineering sciences
4	Bio-sensor: Design and application	One Week 18-22 January, 2021	Bachelor Degree in Science or Engineering sciences/Diploma
5	Electrochemical power systems: Lithium ion battery: science and technology	One Week 18-22 January, 2021	10th/12th pass or fail/ ITI/Polytechnic/Diploma pass or fail or
6	Electrochemical power systems: Lithium ion battery: science and technology	Two weeks 18-29 in January, 2021	Bachelor Degree in Science or Engineering sciences
7	Electro-analytical Techniques for (Electro) Catalytic and (Bio) Sensing Applications	One Week 25-29 January, 2021	Bachelor Degree in Science or Engineering sciences/ Diploma
8	Corrosion Protection technologies for construction of buildings & structures	One weeks 25 - 29 in January, 2021	ITI/Polytechnic/Diploma pass or fail
9	Electroplating and Metal Finishing	One weeks 8 -12 in February, 2021	ITI/Polytechnic/Diploma pass or fail
10	Industrial Corrosion problems and Preventive methods	One weeks 8 - 12 in February, 2021	10th/12th pass or fail/ ITI/Polytechnic/Diploma pass or fail
11	Paints and coatings for corrosion protection	One weeks 22-26 in March, 2021	ITI/Polytechnic/Diploma pass or fail
12	Civil construction practices [in carpentry, plumbing and waste water treatment (STP & RO plant operation)]	One Week 15-19 in March, 2021	ITI/Polytechnic/Diploma pass or fail
13	Electrochemical Power Systems- Lead Acid Battery: Care and maintenance	One Week 15-19 in March, 2021	10th/12th pass or fail/ ITI/Polytechnic/Diploma pass or fail or
14	Electrochemical Power Systems-Lead Acid Battery: Care and maintenance	Two weeks 15-26 in March, 2021	Bachelor Degree in Science or Engineering sciences

The training certificate will be issued after satisfactory completion of each programme.

Touching Lives Through Electrochemistry.

Date: 15.10.2020

To

The Principal
Dr. Umayal Ramanathan College for Women
Karaikudi-630003

Dear Madam,

Greetings.....!!!

As per your request, we are glad to collaborate with Dr. Umayal Ramanathan College for Women, to provide Skill-oriented Certificate Courses to the students in online mode. The online skill development training programme for the academic year 2020 - 21 is annexed for your reference. Interested students can participate in the courses, by sending their application form and the necessary supporting documents on skill@cecri.res.in

The prime objective of the enlisted Skill-oriented Certificate Courses is to provide trainings to student's community for their skill upgradation and also to equip them with better technical and entrepreneurial skills.

Thanking You.

With Kind Regards,

(S. M. Rajendran)

Circular 05.12.2020

- CSIR – CECERI is going to offer the following Skill Development Training Programmes for the Students.
- There is no participation fee and the online training is free of cost.
- The link for joining each Programme will be provided to all the participants in the previous day of the training.
- The training certificate will be issued after satisfactory completion of each programme.
- All the II & III year students are informed to register their names in any one of the course according to their interest.
- The application form is attached. Kindly fill it and attach the necessary documents
 - i) XII Mark Statement / Last Semester mark Statement
 - ii) Aadhar Card
 - iii) Fix your Photo
 and send the scanned copy to physics.urew@gmail.com
 or submit the application to the respective class in charge

Skill Training Course Report

- CSIR – CECERI offers a list Skill Development Training Programmes for the Students in online.
- Departments of Physics & Electronics and Communication and Biotechnology students are informed to attend the courses.
- Students attended the following courses and received the certificates

S. No.	Title of the Course	Duration	No. of students attended
1.	Waste Water Treatment Technologies	Two Week 21 - 30, December, 2020	14
2.	Operation and Maintenance of Analytical Instruments	One Week 18 - 22, January, 2021	30
3.	Bio-sensor: Design and Application	One Week 18 - 22, January, 2021	23
4.	Electrochemical Power Systems: Lithium Ion Battery: Science and Technology	One Week 18 - 22, January, 2021	8
5.	Electro-analytical Techniques for (Electro) Catalytic and (Bio) Sensing Applications	One Week 25 - 29, January, 2021	12
6.	Electroplating and Metal Finishing	One Week 8 - 12, February, 2021	11
7.	Paints and Coatings for Corrosion Protection	One Week 22 - 26, March, 2021	2
8.	Photolithography based Micro Fabrication of Sensors	One Week 17 - 21, May, 2021	40
9.	Surface Coatings for Value Added Products: Decorative and Functional Applications	One Week 3 - 7, May, 2021	7

- The sessions were brain storming and motivated the students towards higher education.
- Students gained lot of knowledge in the cutting edge technologies.
- These courses provide a platform for the students to know the nature of research going in the Central Research Institutes.
